

QUALITY

FluoroSeal® Non-lubricated Sleeved Plug Valves are offered in a wide selection of sizes and materials, including exotic alloys.

From standard units to specialized applications, our valves set industry standards in quality and performance.

DEPENDABILITY

Specific body-sleeve configurations make **FluoroSeal®** Resilient Seat Plug Valves an excellent option for the mining industry.

With features such as Cage Control and UHMWPE sleeves you can obtain trouble-free operation, even in the following applications:

Lime Slurry
Carbon Strips
Cyanide
Sulfuric Acid

Cage Control Plug
